

Curriculum Vitae

BASHAR AYYOUB, D.M.D.

Family Dentistry and Advanced Cosmetic Dentistry

Expertise

1. **Family and Cosmetic Dentistry:** Evaluation, prevention and treatment of dental (teeth) and periodontal (gum related).
- II. **Children's Dental Care:** Evaluation and treatment of intraoral and dental conditions of infants and children.
- III. **Advanced Prosthodontics:** Diagnosis, treatment planning, rehabilitation and maintenance of the oral functions, comfort, appearance and health of patients with clinical conditions associated with missing or deficient teeth using biocompatible substitutes.
- IV. **Maxillofacial Prosthodontics:** Rehabilitation of patients with defects or disabilities that were present at birth or developed due to disease or trauma. Prosthesis are often needed to replace missing areas of bone or tissue and restore oral functions such as swallowing, speech, and chewing. It can include missing facial structures. Prosthetics can be created to position and shield facial structures during radiation therapy.
- V. **Endodontics:** Dealing with the cause, diagnosis , prevention , and treatment of diseases of the dental pulp, usually by removal of the nerve and other tissue of the pulp cavity and its replacement with suitable filling materials.
- VI. **Periodontics:** Diagnosis and treatment of disorders of the periodontium for optimal oral health.
- VII. **Temporomandibular Joint (TMJ):** Injuries and disorders, evaluation and treatment of headaches, facial pain, jaw pain and dysfunction.
